

## PROGRAM

August 30, 2024	
8:00-9:00	Registration
9:00-9:15	Opening ceremony
9:15-10:15	Lecture 1: <i>Solving combinatorial optimization problems using mathematical programming</i>  <i>Prof. Pierre Fouilhoux</i> <i>Université Sorbonne Paris Nord (ex-Université Paris 13)</i>
10:15-10:30	Tea break
10:30-12:00	Lecture 1 (cont.): <i>Solving combinatorial optimization problems using mathematical programming</i>  <i>Prof. Pierre Fouilhoux</i> <i>Université Sorbonne Paris Nord (ex-Université Paris 13)</i>
12:00-13:00	Lunch
13:30-15:00	Lecture 2: <i>Game Theory with Some Illustrative Applications</i> <i>Asso. Prof. Nguyễn Văn Hợp &amp; Dr. Hà Thi Xuân Chi</i> <i>International University, VNU-HCM, Vietnam</i>
15:00-15h15	Tea break
15:15-16h30	Lecture 2 (cont.): <i>Game Theory with Some Illustrative Applications</i> <i>Asso. Prof. Nguyễn Văn Hợp &amp; Dr. Hà Thi Xuân Chi</i> <i>International University, VNU-HCM, Vietnam</i>
August 31, 2024	
9:00-10:15	Course 03: <i>Discrete choice models and applications</i>  <i>Assistant Prof. Mai Tiến</i> <i>Singapore Management University</i>
10:15-10:30	Tea break
10:30-11:45	Course 03 (cont.): <i>Discrete choice models and applications</i>  <i>Assistant Prof. Mai Tiến</i> <i>Singapore Management University</i>
